## Career Objective

Aspiring game developer and designer blending technical precision with creative storytelling to craft emotionally resonant, intuitive gameplay. Skilled in Unity, Blender, and full-stack development, I aim to build digital experiences that play beautifully and feel deeply meaningful.

## Experience

### Labmentix Pvt. Ltd.

Web Development Intern

Bengaluru, Gujarat

June 2025 – August 2025

- Developed responsive web interfaces using HTML5, CSS, Tailwind, and React, ensuring smooth user experiences across devices
- Designed and developed Bughost – a bug tracking platform with intuitive UI and robust backend for issue management
- Designed and developed FlexSign - a dynamic e-signature solution enabling secure document workflows

## Education

### Navrachana University

BCA - Bachelour's of Computer Applications

Vadodara, Gujarat

2021 – Present — CGPA: 8.10 / 10

- Key Courses: Data Structures and Algorithms, DBMS, Java, Python, Native and Hybrid Application Development (Android)

## Projects

### Flappy Bird

Unity Hub, Unity, Blender, Visual Studio

- An immersive 3D gaming platform built with Unity, featuring real-time multiplayer capabilities and stunning visual effects.

### Roll-a-Ball

Unity Hub, Unity, Visual Studio

- Roll-a-Ball is a lightweight, physics-driven Unity experience designed to introduce interactive gameplay fundamentals.
- Built with Unity's Rigidbody system and C#, it showcases smooth player control, dynamic object collection, and responsive camera movement—all in a compact, beginner-friendly format.

### Beginner's Adventure

Unity Hub, Unity, Blender, Visual Studio

- Beginner's Adventure is a beginner-friendly 2D adventure game made in Unity.
- Players explore a peaceful forest, complete simple quests, and interact with characters—all while learning core game dev skills like movement, UI, triggers, and basic storytelling. Calm vibes, modular design, and pixel art make it perfect for first-time creators.

### Mythic Mayhem

Unity Hub, Unity, Blender, Visual Studio

- Developed a mission-based zombie survival game set in a forested village, featuring character selection, immersive environments, and first-person combat.
- Players complete objectives like rescuing villagers and escaping via vehicle, guided by intuitive UI and atmospheric storytelling.
- Built using Unity and Blender with custom assets, C# scripting, and emotionally resonant design.

### 2D Adventure

Unity Hub, Unity, Visual Studio

- Developed a side-scrolling 2D adventure game where the player explores an environment, interacts with characters, collects items, and manages health—all while navigating a stylized world with physics-based movement and responsive UI.

### Shooting Range: XR/VR

Unity Hub, Unity, Meta-XR SDK, Visual Studio

- A Unity-based XR/VR shooting range game offers an immersive training experience where players practice weapon handling, target accuracy, and reflexes in a virtual environment.

### Doctor's Attack

Unity Hub, Unity, Visual Studio

- In this imaginative FPS, you're not a soldier or space marine—you're a tiny doctor shrunk down to microscopic size, navigating through a patient's body to destroy harmful germs.
- The game blends arcade-style shooting with a quirky, educational twist.

## Technical Skills

---

**Languages:** C-Sharp, Python, Java, HTML5, CSS, JavaScript

**Game Engines and Framework:** Unity 3D, Unity 2D, Android Studio

**Tools:** Git, GitHub, Blender

**Other Skills:** Mobile and Web App Development, MERN Stack, Android App Development

**Soft Skills:** Communication, Problem-Solving, Teamwork, Leadership, Time Management, Adaptability

## Extracurricular Involvement

---

- |                                                        |                                                           |
|--------------------------------------------------------|-----------------------------------------------------------|
| - Table-Tennis Head, Navrachana University Sports Club | - Coordinator of Intelithon (2025), Navrachana University |
| - Carrom Head, Navrachana University Sports Club       | - Judge of Pickleball Tournament (2025)                   |
